DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 9-10 and 19, are rejected under 35 U.S.C. 102(e) as being anticipated by Lane et al (P.N. 5,377,051) as set forth in the previous Office Action mailed out on 6/14/11.

Allowable Subject Matter

3. Claims 15-18 contain allowable subject matter over the prior art of record.

Response to Arguments

4. Applicant's arguments filed 10/14/11 have been fully considered but they are not persuasive.

Regarding the Applicant's argument in that the cited reference of Lane et al fails to disclose the claimed feature of the signal representative of an intra coded frame part of the MPEG bit stream being modulated during recording as specified in the claims, Examiner disagrees. Applicant's attention is directed to Lane et al's Figure 10a, component 320, where it is disclosed that the signal representative of the intra coded data of the MPEG bit stream being modulated during trick play data recording operation.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
